IIT Bombay

To,

Prof. DR. PUJA AGARWAL
GROUP DIRECTOR
ARYA GROUP OF COLLEGES-JAIPUR (RJ)

15th Sept 2016

We are happy to inform that Spoken Tutorial Project, IIT Bombay has decided to promote ARYA GROUP OF COLLEGES as a Super RESOURCE Centre. Your college is working great. As a part of becoming a key resource in the district, we also accept a thriving FOSS Learning Center in the college premises. Here the activities will center around organising awareness events for other colleges to encourage them to convert some labs to Ubuntu exclusive systems. We are confident Arya will help to train many colleges in the state. *The project is a part of the National Mission on Education through ICT, MHRD, Govt. of India, to spread IT Literacy all over India.* We are promoting the learning and usage of Free & Open Source Software (FOSS), through an Audio-Video teaching tool, viz, 'Spoken Tutorial'.

We are ready to support you in your efforts to motivate other colleges and of course continue to train your students on Basic Computer Skills, Software and IT. The course and the training will be offered free of cost to all institutions both Govt., and Private.

Specific activities will be -

IIT Bombay Side :

- The Spoken Tutorial team at IIT Bombay will work with you and arrange the mentioned training programme for all relevant courses offered in the colleges.
- We will publicise any event organised by the college related to student welfare on our website.
- The team will also support and guide all individuals at the college/ department level as they firstly introduce the training and then gradually expand it to all.
- The team will also provide brochures, leaflets, posters and CDs where necessary.

College Side :

- Motivate and guide other colleges present in your (Jaipur District) region to come to an event you will organise in this month. You are empowered to monitor their activities.
- Bulk Training planner to cover all departments and streams for Spoken Tutorial Training sessions should be prepared by the college for whole year (2016-2017) and sent to Spoken Tutorial Team.

Gradually, this training will be made available to all the students of the college and your region. We are here to support you.

Nidhi Sony
