

## 7.3 – Institutional Distinctiveness

### 7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust

The institution is committed to imparting education without any bias of cast, creed, and culture.

Institution sensed that women are facing challenges of gender inequality evidenced by data too:

1. In Rajasthan Female literacy rate is 57.6 while the Male Literacy rate is 80.8.
2. All Indias Female Literacy rate is 70.3.
3. Female sex ratio in Rajasthan is 928:1000.
4. Childs sex ratio is 888:1000.

This is a very grave and alarming situation and no institution can ignore this situation.

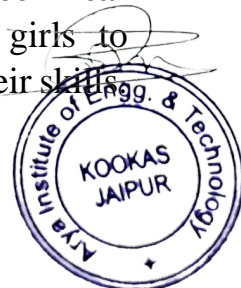

**In tune with its commitment**, AIET has endorsed the Prime Minister's vision of **Beti Bachao, Beti Pado**, through the '**Arya Girls Scholarship (AGS) Scheme**' by providing merit-based cum economical scholarships to girls students in all the courses run by the Institution.

The AIET Scheme provides financial assistance for the full Tuition fees for female students for the entire degree courses (B.Tech, M.Tech, MBA) of the Institute.

Started in 2016, this scholarship aims to deliver quality education in the field of higher education. Many scholarships/freeships are given in various categories to all deserving students. But for promoting the education of girls students which is considerably low in the state of Rajasthan, up to 100 scholarship/freeship is given to financially challenged girl students.

Providing Education to Girl Children to empower them in their life by making them financially independent and integrating them into the development and progress of the Nation, the Scholarship Scheme (AGS) has the following objectives:

1. **Ensuring education and participation of the girl child in Higher Technical and Professional Education:** AIET provides a platform for the girls to participate in all the technical and nontechnical activities and enhance their skills.

**2. To help to remove Gender-Based Discrimination and Elimination:** AIET aims at making girls independent both socially and financially through education and achieves Gender-based equality.

The objective of the AGS Scheme is not only to generate awareness about the importance of girls education but also to ensure that the welfare services meant for girls are being delivered efficiently.

**The scheme is open to girls without any caste, religious or socio-economic discrimination and is purely based on merit and economical condition.**

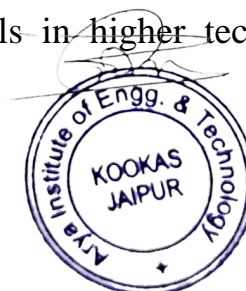

Under this Arya Girls Scholarship scheme, **104 girl students** have benefitted with the total amount of Scholarship/freeship being **2980750** in the **AY 2018-19**. All the girls who benefitted from this scholarship/freeship scheme have proved themselves both in college and university examinations. Many of these girls are meritorious students of their respective departments.

### ACADEMIC YEAR 2018-19

S. No.	Year	No of Girls Benefitted by Scheme	Amount
1	2015-16	61	1058650
2	2016-17	89	1854750
3	2017-18	108	3179250
5	2018-19	104	2980750
<b>TOTAL</b>		<b>544</b>	<b>10530300 (Rupees)</b>

**AIET** has taken multiple initiatives to promote the scheme and spread it to the masses. A few of the initiatives include

1. Poster launch
2. Women education awareness drives and campaigns
3. Counseling of parents for enrolling meritorious girls in higher technical education
4. Promotion via multiple social media platforms.
5. TV Interviews on National Television.
