

1.4.2 - Feedback process of the Institution may be classified as follows

Feedback collected, analyzed and action taken and feedback available on website

INDEX

S. No.	Content
1.	Feedback Mechanism
2.	Feedback system
3.	Feedback Form, analysis and Action taken report of Students
4.	Feedback Form, analysis and Action taken report of Employer and Alumni
5.	Feedback Form, analysis and Action taken report of Parents
6.	Feedback Form, analysis and Action taken report of Teachers

FEEDBACK MECHANISM

Feedback System:

Collection of Feedback from Students, Teachers, Alumni, and Employers:

The institution collects feedback on curriculum aspects and courses from different stakeholders such as the students, alumni, Faculty, and Employers.

The Institution established Academic Council to ensure and analyse academic excellence at student and faculty levels. The Periodical analysis is made by Academic Council from the following: student performance, faculty performance in every semester, utilization of infrastructure, and requirements for quality enrichment.

Institute collects the feedback physically from stakeholder viz. Students and Teachers on Curriculum which is prescribed by the university, further college website invites all stakeholders to provide feedback through online.

The college conducts an annual Alumni Meet, in which suggestions and feedback are received from Alumni students. Feedback from industrial management and professionals is obtained through the college web site's feedback blog. The provided feedback data is presented to the Academic Council Meeting for necessary implementation in the curriculum.

Alumni surveys are conducted during alumni interaction at the alumni association meeting held every year. Whenever any alumni visit the college, feedback is taken.

Feedback collected and analyzed:

The feedback collected from various stakeholders is used to analyze for a various aspect to identify the problem regarding the course curriculum and their data is used to rectify the root cause and further their suggestions are considered and placed before the Academic Council for discussion and possible incorporation in the curriculum.

Syllabus review given by the concerned subject faculty at the end of the semester in respect to the implementation of the syllabus, mode of presentation, lecture material, suggested books, and updated information.

Curriculum Overview is an expositive survey done by every out-going batch about concerning syllabus designing, faculty sufficiency, campus placements, and infrastructure.

The academic council is formed to assess three major aspects, viz., Faculty Performance, Students Support System and Evaluation.

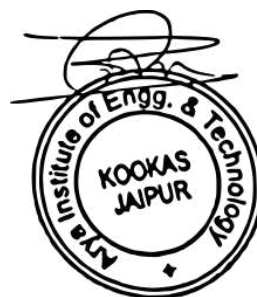

Apart from this, management supports student involvement through seminars, webinars, and student innovations for the further development of the curriculum.

After collecting and assessing the feedback from the various stakeholders on curriculum aspects, the valuable suggestions if any, will take notice to the Academic council and further to the university curriculum review committee whenever they invite the suggestion from the affiliated colleges, to possible changes in the course structure for the next curriculum regulation.

The College follows a continuous review system of the curriculum. The functioning of various committees of the College strengthens the quality sustenance and enhancement measures to ensure the effective development of curricula. The college makes efforts to integrate socially relevant issues into the curriculum with the help of the different cells functioning in the college like Career Guidance Cell, Anti-Ragging Cell, SC/ST Cell, and NSS. The Academic Audit Committee ensures quality enhancement. IQAC has been organizing

Faculty Development Program every year to enhance the professional competency and teaching pedagogy of the faculty. The Curriculum is enriched through mini - projects/student conferences/symposiums and innovative clubs in the college.

Students are also introduced to engineering as a profession that requires not only technical skills but also an ethical orientation, of the need for lifelong learning, and of the importance of Basic Sciences and Humanities courses.

Student feedback report

III Semester 2020-21

A scale containing five items was asked to measure students' satisfaction on different aspects of their educational experience at AIET, Jaipur. Presented in Figure is the percentage of satisfaction level on each of the seven items. The five items were "The course objectives were clear, the course workload was manageable, Is this Subject is Industrial Oriented, The Course enhance my ability &Skills, The course Provided a mixture of explanation practice.

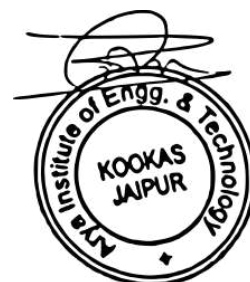

The first item on this scale asked students satisfaction on "The course objectives were clear "As is expected from a reputed institute ,96% students were satisfied withAEM,93% were satisfied with MEFA ,93% with EM,95% with ET,94% with MSE ,94% with MOS,93% with MDP LAB, 93% with MST lab, 95% with BME Lab, 92% with MAT Lab.

The Second item on this scale asked students satisfaction on "The course workload was manageable"" As is expected from a reputed institute,90% students were satisfied withAEM,88% were satisfied with MEFA ,91% with EM,90% with ET,89% with MSE ,93% with MOS,91% with MDP LAB, 90% with MST lab,92% with BME Lab, 88% with MAT Lab.

The Third item on this scale asked students satisfaction on "Is this Subject is Industrial Oriented". "As is expected from a reputed institute,90% students were satisfied withAEM,88% were satisfied with MEFA ,90% with EM,90% with ET,89% with MSE ,92% with MOS,93% with MDP LAB, 89% with MST lab,91% with BME Lab, 86% with MAT Lab.

The Fourth item on this scale asked students satisfaction on "The Course enhance my ability &Skills". As is expected from a reputed institute,93% students were satisfied withAEM,93% were satisfied with MEFA ,91% with EM,92% with ET,91% with MSE ,95% with MOS,84% with MDP LAB, 91% with MST lab,93% with BME Lab, 87% with MAT Lab.

The Fifth item on this scale asked students satisfaction on "The course Provided a mixture of explanation and practice". As is expected from a reputed institute ,83% students were satisfied withAEM,87% were satisfied with MEFA ,87% with EM,84% with ET,87% with MSE ,83% with MOS,84% with MDP LAB, 85% with MST lab ,87% with BME Lab , 85% with MAT Lab.

- The course Provided a mixture of explanation and practice

ACTION TAKEN REPORT

Stakeholder - Students

Based on the collection of online feedback from students following steps were taken by the college:

1. Students seek to learn computer based Mechanical software tools.

Action: Computer oriented Lab courses were introduced on latest trends of Engineering such as Computer-Aided Engineering Drawing, Computer Aided Machine Drawing Lab, Ansys, AutoCAD, Solid works.

2. Students wish to incorporate soft skills-oriented courses to improve the Employability.

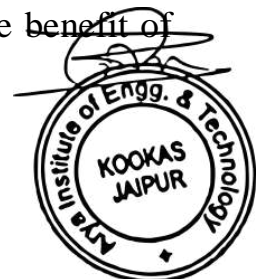

Action: Business Communication and Presentation Skills subject like SDC, CRT was introduced to enhance the presentation and communication skills of students.

3. Students need to introduce industry relevant courses during Pandemic COVID-19 in core areas of Computer Science Engineering.

Action: Introduced industry relevant courses such as advanced programming skills such as Python, Java learning classes.

4. Students seek to learn much broader about the entrepreneurship

Action: Introduced open electives such as Entrepreneurship for Micro, Small and Medium Enterprises, Planning for Sustainable Development, Artificial Intelligence and Robotics, Micro electro mechanical Systems for the benefit of the students.

Feedback report and action taken report Stake holder - Employer for 2020-21

Employer feedback was taken centrally. The feedback on curriculum is requested from companies and also companies where our alumni are employed directly.

Action taken report:

Based on the employer feedback, new courses which are more industrial oriented and as per today's scenario included in the respective program as given below:

1. New courses on Mobile computing and Machine learning are included in Computer Science and Engineering.
2. In Computer Science and System Engineering courses on Human computer interaction and Real time systems are included.
3. Course on Mixed signal design is included in Electronics and Communication Engineering.
4. Campus recruitment training program is conducted for final year and pre – final year students in which Aptitude and soft skills are covered.
5. To increase the soft skill from the initial level, newspaper reading and communication classes are conducted for 1st year and 2nd year students.
6. For ME Engineering, alumni working with Pinnacle advised to include BIM in training curriculum and 3D design.
7. To impart Pseduo code training as it is required by Capgemini and L&T infotech
8. In Electrical Engineering courses on Electric Vehicles, Power quality and Smart grid technologies are included.

Feedback report and action taken report Stake holder - Alumni for 2020-21

S. No.	Feedback	Action Taken
1.	Giving more emphasize on hands on training	Project based learning was introduced in new revamped curriculum which include project in final year of up-to 350 marks.
2.	Introduction of more industry relevant courses	Industry related courses like AI, Data Analytics and soft computing were included both in academics as well in CRT program
3.	All Program will come under credit system	Credit based system has been implemented
4.	Learning outcomes should be predefine	University adopted outcome- based education across all the programs.
5.	Emphasizing Contemporary Courses	Many more courses relevant to modern day teaching learning have been added as per industry requirement like Deep learning and Big data.
6.	Promoting Skill based courses	As per AICTE CBCS model, skill enhancement courses have been incorporated in new curriculum
